

NILOA Membership Requirements and Dues:

Every official starts at Level 1 and masters increasingly complex rules and field assignments in order to reach Level 2 and 3.

Once you are an official, you must maintain your eligibility each year by renewing your memberships in US Lacrosse and Nevada Interscholastic Lacrosse Officials Association (NILOA), attending the appropriate clinics and passing the written rules and mechanics test.

1. You must be at least 15 years old by February 1, 2011 (and at least two years older than those players you will officiate).
2. Pay your one time registration fee of \$50.00. Payments to be delivered to the NILOA Treasurer, Alan Diskin.
3. Join US Lacrosse. Being a member of US Lacrosse provides each official insurance and enables us to deliver a consistent training and development process across the nation.
4. You must also participate in required training. Each clinic will have both classroom and field training. Your performance in these clinics will be evaluated by NILOA trainers and the results shared with you.
5. Pass a written rules and mechanics test administered by US Lacrosse by a score of 75% or better.
6. Purchase a basic official's uniform and timer from the vendor of your choice.
7. Officials will receive their game assignments directly from the NILOA Assignor using the Arbiter assigning system. Officials are required to keep their availability updated on the system and review/accept assignments on a timely basis.
